

Welcome to Sixth Grade Science!

My name is Miss Johnson and I would like to welcome you to your science class! I am looking forward to working with you the students and you as parents throughout the year. The best way to contact me would be through email ajohnson@kyrene.org and my website yayscience.net.

Materials for Science

- One composition notebook that is **at least 100 pages** (NOT a spiral notebook)
 - Glue sticks and red pens
 - Pencils and a pencil sharpener (or a mechanical pencil with LOTS of extra lead at home)
 - One pocket folder specifically for science (without prongs is fine)
 - Colored pencils
 - Notebook paper (with extra packs at home cause you will run out around November...)
- ***Teacher Wish List: Kleenex and extras of everything listed above 😊***

Classroom Expectations

- Behavior: You will walk in, immediately take your assigned seat and start on your bell work. I expect you to demonstrate PRIDE behavior when you are in my classroom.
- Respect: No talking when someone else is talking and show respect at all times to all.
- Electronics: Everything that has an on button should be turned off during the school day unless I give you permission to use your phone for something specific (stopwatch, etc.).
- Dress Code: Students should dress in accordance to the Handbook. Basically, anything that is an undergarment should be under something.
- Homework: There will be a science assignment for each quarter. These will be at home projects and while I will help, students are expected to complete the work at home.
- Late Work: You may turn in any late work up to the end of the quarter, but points will be taken off the grade for it being late. Turn your work in on time!
- Absent Work: Pick up your absent work from the absent folder. If you have any questions about the assignment please come see me and I will explain and help. However, IT IS YOUR RESPONSIBILITY TO PICK IT UP!!!! Please let me let me know in advance if you are going to be absent so I can get the assignments to you early.
- Dismissal: The bell does not dismiss you. I will dismiss class when everyone is ready.

Thank you in advance for all of your hard work throughout this year. If there is ever anything I can do to help make your educational experience better, please let me know.

I have received, read and understand the expectations for sixth grade science.

SCIENCE SAFETY CONTRACT

Safety is the # 1 priority in our classroom. To ensure a safe learning environment, all students will be instructed in science classroom safety and the student /parent/ guardian safety contract will be signed and filed at school. Students acting in an unsafe manor may be removed from any lab activity for one or more class periods and assigned an alternative learning experience.

- 1) I will act **respectfully and responsibly** at all times in the lab. I understand that horseplay, jokes, and pranks are not appropriate during a science lab.
- 2) I will follow all instructions carefully. If in doubt, I will ask my teacher for assistance **before proceeding with the activity.**
- 3) When I enter the lab, I **will not touch any equipment** until instructed to do so.
- 4) I will **remain at my assigned work area** unless otherwise directed by my teacher. I will not wander around the room, **distracting, discussing or interfering** with the lab of others.
- 5) I will **perform only those activities that have been authorized** by the teacher.
- 6) I will **keep my table, the area around it, and communal areas in the room clean and neat.** Before I leave my lab station for the day, I will **clean up, wash down the work area, and return all materials** to their proper place and I will **wash my hands.**
- 7) I will **wear my safety goggles** whenever asked, especially when we are working with glassware, chemicals or heat. **I understand that there are no exceptions to this rule; if I take my goggles off in the lab room, I will surrender my right to do the lab.**
- 8) I will **never use or handle broken or chipped equipment**, especially glassware.
- 9) I will **secure long hair, baggy clothes, and dangling jewelry** while using any source of fire in a laboratory activity.
- 10) I will **not take anything out of the classroom** without permission from the teacher.

I understand, agree to follow, and accept the consequences for not following all of the safety rules discussed in class and within this contract.

Permission To View PG Videos

During the school year our team will select videos which enhance our 6th grade curriculum. All of these videos will be school appropriate but some may have a rating of PG. Students may not watch a PG video without parent/guardian permission. In order for your child to participate in the viewing of a selected PG film throughout the year, the form below must be completed and returned to your child's teacher.

My child, _____, may view videos, whether rated G or PG, that have been selected by his/her teachers for this school year.
