

Ocean Unit Plan

Week One

Monday – KWL about oceans and then complete a fill in the blank of oceans and continents

Tuesday – notes from PowerPoint on the zones

Wednesday – notes from PowerPoint on ocean floor

Thursday – create the ocean floor features using clay

Friday – Planet Earth video (deep seas – students describe the ocean zones as they see them)

Week Two

Monday – start work on ocean creatures

Tuesday – finish ocean creatures

Wednesday – ocean web quest

Thursday – create a job opening poster about an oceanographer

Friday – reading comprehension questions

Week Three

Monday – research on James Cameron and the Alvin

Tuesday – graphic organizer about ocean adaptations

Wednesday – study guide

Thursday – test

Friday – design an underwater city using ocean adaptations
